Sounds to me like it would be no great loss when that government falls. Don't fear war, pray for Revolution.

It is not the responsibility of Americans to go to Mexico and teach the ruling class anything! We will teach our own citizens that TOLERANCE=MURDER. My brother and mother are dead due to Illegal Immigration. The case is as ridiculous as the oj case, full of Racism...It is MY DUTY to inform you that it is exxtremely dangerous to get arrested in Mexico as I found out in 1983. I was falsely accused of damage to a hotel and put in jail and was not allowed a phone call out. The police would not discuss anything with me for days. The days got long as I asked to speak to my family. 11 days later a total stranger from Ft. Worth Texas who was there to get his son out paid 1000\$ to get me out. With out the luck I'm not sure what would have happened. In may of 1984 I was attacked by illegal immigrants and recieved a broken jaw from brass knuckles. There was no money in my family as my father was deseased and my mom in a nursing home. 3400\$ was the oral surgery bill. It took several years for me to pay this off. While in the University of Texas I worked 70 hours a week sometimes paying lots in taxes at age 22. All to be completely unprotected from Foriegn forces. In the cases of murder in my family On April 13,1991 The police in Dallas have repeatedly told us that there have been no arrest, even with 20 witnesses s d 6 witnesses who gave ther murdereres full names. Still NO ARREST! 5 years later through winnin g an Open Records Act we find that there were two arrest. These illegal families were notified and no doubt applied heartfelt wishes. My family was not ever notified of these arrest. The two arrested were released back into the streets of Dallas, remember they are illegal immigrants and were just let back onto the streests. I fear a WAR.

Wouldn't it be funny if some of the local law enforcement there have ties to fascist organizations in Europe?

Seems like you have a great opportunity to go down there and meet the protestors and educate them that the problem is not with the People of Mexico, but with their ruling class.

Maybe you can step across the border and do the same. With a little luck you'll get arrested and cause an international incident that can be exploited to show how the U.S. government and Wall Street are in collusion with the Mexican ruling class to deprive BOTH Mexicans and Americans of their rights.

Redistribute the wealth of the Mexican ruling class to the People and they will no longer NEED to come here.
