Points of view???? Idi Amin had a point of view....  
Dahmer had a point of view.

"If there were no federal building in Oklahoma City, then there would have been no bombing in Oklahoma City" is the point of view some outhouse terrorists have on this BB. Yeah, the attack was against the federal government and those 168 INNOCENT people happened to be in a war zone. Yeah, "The government was attacked in Oklahoma City".... Yeah, "Its now our turn to bite back" with MURDERING 168 INNOCENT people.

Yeah, "People will awaken ....and whoever gets in our way will rue the day they backed the wrong horse".  
Yeah, those 168 INNOCENT people were in "our way" and they backed the wrong horse.  
"There is a Big Bang coming"....Yeah, there was a BIG BANG in Oklahoma Cith with 168 INNOCENT people and all...

Yeah, let's all join the people supporting the second revolution and BOMB some more federal buildings, MURDER some more INNOCENT people. Who cares! They will rue the day they backed the wrong horse... SURE, George, sure... Let's support people like Gary Hunt and Rick Gombas and Rick Farley. Yeah, one more HURRAY for the second revolution.

NOT!

Murat.
