Its not the Constitution that protects us from tyranny, but
the Declaration of Independence.

That founding documents states, in no uncertain terms, the
Right of the People to "alter or abolish" "any government"
that abuses the Right of the People to "Life, Liberty and
the Pursuit of Happiness."

Alter or abolish means Revolution.

As long as we have the Right to Revolution, (and the means
to accomplish that) we're safe. (Despite Clinton's efforts.)
