Certain truths are self evident and unalterable:

The Bill of Rights is man's expression of Natural Law.

Natural Law is higher than the Constitution.

The Declaration of Independence is the expression of Natural Law.

It says, clearly, that whenever ANY government becomes oppressive of the Right of the People to Life, Liberty and the Pursuit of Happiness, it is the Right of the People to alter or abolish that government.

Alter or abolish means Revolution.

Revolution needs guns to succeed.

The Second Amendment provides for that success.

Any prohibitions placed on the Second Amendment is a declaration of war on the IDEA of America:

The IDEA of America is the RIGHT to REVOLUTION.
