Ed, do you suppose Drew knows what he's talking about enough to consider himself a "classical liberal?"

Good thing the Injuns didn't have laws or we would be back on the streets of Europe.

Put them out on the streets in MEXICO where they are from. They are here ILLEGALLY. Get it, ILLEGALLY. That is the key word.

Drew,

I can tell you're a real flaming liberal because liberals are the ones who want to change the original meaning and intent of the Constitution as well as subvert traditional

American values.

Used to be People in this country were innocent until proven guilty in a court of law. Now we see sentiments like yours that not only want to eliminate due process, but see nothing wrong with punishing an innocent person, a child, for the crimes of someone else, a parent. We used to be better than that. I guess liberals have won their fondest wish: We're no longer noble Americans, but have been reduced instead to mere citizens in the New World Order.

New York Times 4/9/96:

POLICE SCORN PLAN TO DENY SCHOOLING TO ILLEGAL ALIENS  
Groups Say Bill Will Lead to Rise in Crime  
Even Republicans are split over a House measure backed by Dole.

"Forcing young people out of school and onto the streets would have disastrous long-term effects on public safety," said Matt Rodriguez, Superintendent of the Chicago Police Department. "To us, it is far better to have these youngsters in a structured, nurturing, learning environment than to have them out roaming crime-ridden neighborhoods," said Gilbert Gallegos of the 270,000 strong Fraternal Order of Police.

Texas Governor George Bush said "I believe that once a child is living in our state it makes sense to educate the child."

LA County Sheriff Sherman Block: "...one of our biggest problems is to develop a positive alternative to gangs and drugs for our youngest children with free time AFTER school. To literally have them loose on the street, under this provision, I don't see how that would be a positive." Also on board: The National Association of Police Organizations and the International Union of Police Associations.
