To: GREG BRODZINSKI (FXTS32A)
From: RICK GOMBAS (CHHL71A)

Great post Greg! It shows just how illegitimate is the current government. But don't blame these struggling People for the crimes of their government. Blame OUR government for the crimes of their government. By coming to America these People are voting with their feet. They want to get away from their rulers just like previous generations of immigrants wanted to get away from various European ruling classes.

But who does our government side with? The government that won't return our stolen cars!
