America can be invaded in ways NOT involving military weapons.

Just get us deep enough in debt and the banks will foreclose us out of sovereignty.

As a matter of fact the big banks today ORDER (quietly tho) to U.S. government to arrange for jobs to go overseas as a CONDITION for our \$5,000,000,000,000+ national loan, and the politicians, like desperate drug addicts, comply. This is to protect the investments of those same banks in third world countries and We the People must suffer and pay for the politician's profligacy.

Do you think, Nick, that Pat has the courage and integrity to stand up for America with a Independent candidacy should the Republicans nominate ye}\$another puppet of Wall Street?

When will he link DClinton and Cole to the same stringmaster?
